## Winter's Icy Blast

January has arrived. There is no question about it. The mercury plummeted over the weekend, making the fireside the most attractive spot in the house and that's where most of the population stayed. The plows and loaders were among the few vehicles on the go as the road crews worked to do their usual fine job of clearing the streets. Only the kids enjoyed the situation. They broke out the dusty sleds and enjoyed the new fall of snow. Children skating at Winnatuxett discovered a mystery bomb buried to the nose in the marshland. The bomb was detonated by a State Police expert but the origin of the practice bomb remains unknown. These bombs are supposed to detonate on impact. Whether it could have washed in from the Nomansland's land range on a hurricane tide or how it arrived is an interesting conjecture.

Monday morning found icy breezes sweeping across bedroom floors which had all the comfort of ice floes. Rising under these conditions was delayed until launch. Then, it was rocket-like acceleration to the nearest heat source. Like it or not it's winter and we are invigorated or better be if we want to stay warm.

## Grange

Mattapoissett Grange held its bi-monthly meeting last Thursday night with the worthy master, Susan Bence, presiding.

Honored guests were John Bower, deputy of the State Grange; Marjorie Morris, public relations director; Manuel Roderick, master of Fairhaven Grange; and Herbert LaFleur, master of Acushnet Grange.

Deputy Bower gave some very helpful suggestions on Grange procedures.

Walter Vaughan, Corrine Lawrence and Joseph Alves were reported ill. Reports were given on the Home and Community Service and the Junior Grange.

The program, directed by the lecturer, Mrs. Mildred LeBaron, opened with a New Year's reading by Mrs. Ruth Shaw. A game of pass the package was won by Mrs. Lydia Gifford of Marion. A grand march with balloons was held, led by Susan Bence and Herbert LaFleur, with the lecturer at the piano.

servation practices help wild life. Worthy Master Bence was timekeeper. Each speaker filled in their 2 minutes with much spontaneous information.

Colored slides of Hawaii, taken by Mr. and Mrs. William Smith on one of their vacation trips, were much enjoyed by the members.

On January 18th, the 71st birthday of the Mattapoisett Grange will be observed. Tentative plans are being made for the program.

## Rochester Woman's Club

Looking over the year's activities of the Rochester Woman's Club, some of the outstanding events included a program entitled "My Priceless Tour of Europe", by Mrs. Marguerite Johnson of Fairhaven. Her unusual collection of colored slides of out of the way places, famous landmarks in England, France, Germany, Switzerland and Europe, provided a most interesting evening.

Attendance numbered over 100 at several events; the annual giant scholarship whist, the smorgasbord supper and the annual bric-a-brac auction.

Other events included chairmanship of the teachers' reception at Rochester Memorial School in September, an informative talk on Federation events by the district director, Mrs. Samuel Lovell, at the October meeting.

In November, Mrs. Walter Owen presented an exciting and interesting color movie and slides of a 30-mile trip on a life raft down the Colorado River, Grand Canyon.

A Christmas party was held in December for the children of Rochester and was attended by 146 children. In appreciation of loyal, faithful support each club member was given a fresh flower corsage made by

### LOCAL HIGH SCHOOL SCHOLARSHIP

Old Rochester Regional High School has been selected by Massachusetts Trades School, Boston, as one of the New England High Schools qualified to participate in the annual Massachusetts Trades Scholarship Awards.

The Trades School, established in 1936 and one of the oldest and largest vocational schools in the northeast, has been making these scholarship awards annually since 1963, in order to encourage more high school graduates to enter the vocational fields.

This scholarship, in the amount of \$1000., represents more than half-tuition, and will be awarded to one outstanding male graduate, class of 1968, of Old Rochester, the winner to be determined by members of the high school's own faculty. This scholarship fund may be used by the appointee toward any program of day vocational training, at Mass. Trades School, in his choice of machinist, machine and tool designer, draftsman, electro-mechanical draftsman or radio-television serviceman.

Further information may be obtained by contacting the high school's Guidance Division or by writing directly to the Regis-

"Why Kindergartens" will be the topic for consideration at a public meeting sponsored by the Loft School in Marion on Wednesday, January 24th, at 8:00 P.M. at the St. Gabriel Church parish hall. Dr. Joseph Kunces, superintendent of schools for the Old Rochester Regional School District, will be the guest speaker and direct his attention toward both existing private kindergarten's and possible future public kindergarten's role in the community.

## **March of Dimes**

Monthly bill-paying time is past. We hope you paid them all, but isn't something missing? Could it be that somewhere under the clutter on your writing table or desk drawer is the March of Dimes mail appeal to help a child with birth defects, Mrs. Sumner M. Brown, campaign director of Mattapoisett, March of Dimes, asked.

"We're waiting for that envelope filled with your contributions. Your money will be channeled toward research, treatment and education in the field of birth defects," added Mrs. Brown.

"The great majority of birth defects can be treated and completely corrected, if they are detected early and given the best care known to modern medicine. Medical

care of this high quality if supported by the National Foundation - March of Dimes, now celebrating its 30th anniversary. The organization has nearly 100 birth defects centers at leading medical institutions throughout the nation.

"Birth defects are a problem which has burdened mankind for so long, with so little attention, that many feel nothing can be done about it. As a result, thousands are needlessly deprived of a chance to lead useful lives. Too many children and adults are needlessly limited by severe mental or physical handicaps or are doomed to isolation in institutions," Mrs. Brown explained.

"Every year 250,000 American babies are born with birth defects. They urgently require help. Do your part by giving to the March of Dimes."

Mattapoisett insures for a value of \$1,511, 200.00, as against a value of \$975,000.00 for Marion.

Mattapoisett pays approximately 25% less premium cost for nearly 65% more insurance.

Both towns are equally graded by the New England Insurance Rating Association.

It appears that the authorities in Marion are being grossly ill-advised, insurance-wise, by their "Broker of Record", so called.

Your answer, Please?

OPEN LETTER TO JAMES A. STOWELL  
 POINT ROAD  
 MARION, MASSACHUSETTS

We are in receipt of your letter dated December 30, 1967 comparing the insurance cost on Town Buildings in Marion and Mattapoisett.

In checking into your inquiry through the records of the New England Insurance Rating Association, we find the Marion fire rate is \$.43 per \$100. of insurance compared to Mattapoisett's rate of \$.22 per \$100. of insurance. These rates were promulgated by the Rating Association and based on individual building rate and values filed, to obtain the blanket rate. Even

though the two towns are equally graded as you state in your letter, it does not mean that the blanket rate is the same. Much depends on the values filed. A high value on a low rated building would reduce the blanket rate.

We would be pleased to discuss this further with you on any Tuesday night, if you will call our secretary for an appointment.

## HOW TO CUT HEAT COSTS:

5 tips that can help you get more warmth from your heating oil dollars

### 1. Check your thermostat location.

If your thermostat is in a stairwell, on an outside wall or near an outside entrance, it may cause your burner to operate more often than necessary. It can be moved for you at little cost.

2. Shut off radiators or registers in rooms that aren't in regular use.

3. When fireplaces are not in use,

make sure dampers are securely shut.

4. Let us clean and adjust your oil burner. Then help keep it clean by using Shell Heating Oil.

5. Close off unused or rarely used rooms.

Call us today for the finest in heating oil service.
